

193 Years of Active Business

The London Assurance Corporation, founded in 1720 and in active business ever since, paid \$7,600,000 (gross) losses arising from the San Francisco disaster. This is a much greater amount than paid by any other company, operating under a single name, in this or any other conflagration, and stands without a parallel in the history of Insurance.

The London is one of the five Fire Insurance Companies represented by

C. Brewer & Co.

Forty men, and perhaps more, were killed when a sulphur mine near Castel Terminal, Sicily, caught fire.

OVER-NIGHT FEDERAL WIRELESS To the Advertiser

The senate committee investigation of President Wilson's "insidious lobby" charges were suddenly halted this afternoon by the collapse of Martin M. Mulhall of Baltimore, former self-styled lobbyist for the National Association Manufacturers. After appearing almost daily on the stand for three weeks, Mulhall tottered from his chair this afternoon, crying brokenly:

"For God's sake, have mercy; I am at a point where I have broken down. All this has completely unnerved me."

Senator Overman of North Carolina, chairman of the committee, ordered adjournment until Monday. Mulhall's collapse was not unexpected.

Formal reaffirmation of the Monroe Doctrine by congress, as a warning "to Japan and others" was proposed on the floor of the house today by Representative Clarke of Florida.

Clarke also introduced a resolution declaring that it is the intention of the United States eventually to withdraw from the Philippines. He said in part:

"It is time that America renewed its faith in the Monroe Doctrine and the intention to enforce it to the letter. In view of recent diplomatic developments, I think it high time that this government act so that foreign nations may clearly understand its force."

Henry Lane Wilson, ambassador to Mexico, who will see President Wilson Monday, says:

"The idea of putting the Huerta government in control was to protect the lives of the thousands of imperiled Americans. It was the only course to pursue. If the present government of Mexico falls, chaos will result. There are at least one million bandits there. It is a country where guerrilla warfare pays better than other work and brigandage is imminent."

"I sent that telegram for the purpose of restoring peace to a distracted country and to sustain law and order. American lives were endangered, and it was just that my telegram should hold Huerta responsible for the loss of American lives. The custom of recognizing the de facto government is as old as the hills. I stand pat on all I have done."

Dispatches from Shanghai, Canton, and Hankow show that President Yuan Shih-kai is fighting a rebellion which is more than likely to cripple his rule or perhaps may cause a dismemberment of the Chinese republic.

Canton dispatches say that an army of ten thousand men has left there to fight the northerners and from a score of other sections of the empire the news of revolt is coming in.

Foreign consuls resident in Shanghai today complained to the government that in the battle of July 23, when Admiral Tseng's warships repulsed a rebel force, which attacked the arsenal, government shells caused considerable damage to foreign property. There has as yet been no casualties among foreign residents.

The house labor committee today began hearings on the bill limiting the employment of women in mills and factories to eight hours daily and forty-eight hours weekly. Congressman Taylor of Colorado, author of the measure spoke in its behalf.

The bill forbids railroads accepting interstate specimens and goods made in violation of the bill and provides a penalty of ten thousand dollars fine or one year imprisonment for violations.

It also requires factories to file semi-annual affidavits with the department of labor showing that they have not violated the law.

The filibuster started four days ago by Representative Mann was a failure again today the Democrats not permitting the Republican minority to air the Diggs-Cammetti white slave case on the floor of the house.

Representative Kahn of California renewed his attack on Attorney General McReynolds, introducing a resolution directing McReynolds to submit a copy of a telegram he is reported to have sent for United States Attorney McNab of San Francisco May 15, halting the Diggs-Cammetti trial a month before Secretary of Labor Wilson asked for a postponement.

The following San Francisco nominations were sent to the senate today: Superintendent of mint, State Senator Thaddeus W. Shanahan; assistant treasurer, William G. McGee; appraiser of merchandise, Ed. D. Lenae; collector of customs, John O. Davis; naval officer, James H. Barry; surveyor of customs, J. S. Waddell; collector of internal revenue, J. J. Scott.

SHANGHAI July 25.—(Special to the Sun Chun Kwok Bo)—The foreign consuls held a meeting here today, following the second defeat administered to the rebels last night, and decided that Doctor Sun, Chun Kee Mee, Wong Hing, Shum Chun Hin and Lee Pin Shi, leaders of the rebellion, will not be given asylum in any of the foreign concessions, but must abide by the fortunes of war.

The finish and texture of that Swiss Chiffon newspaper that one can get at Arleigh's, on Hotel street, make it worthy of the best correspondence. Ladies are enthusiastic over its fine writing qualities and its appearance when received through the mails. As you stroll among the crowd on the roof garden, on evenings when there's something going on there, just notice how many of the hats you see are from the parlors of Miss Power. You can pick them out instinctively by their style and distinctiveness.

A 14-year-old boy of Pensacola, Fla., was killed by a lightning bolt coming from an apparently clear sky. He was playing ball and several of his companions were stunned.

continues. Governor Ferris arrived this afternoon and has taken personal charge of the situation.

Advises received today say that the State militia was routed in a serious clash with strikers at Baltic, but no one was killed.

A mob of strikers this afternoon threatened the Tumeteeing and Champion mines, but troops were sent out and order was restored.

Dispatches received at Athens today from the Greek front confirm reports of the capture of Kresna Pass, a most important strategic point from the Bulgarians after a desperate four-days' battle. The Bulgarians were outnumbered in the struggle, but the losses on both sides were appalling.

As a train carrying eighty-six convicts from Sing Sing to Auburn left the station at Syracuse today, a guard shot and wounded one of the prisoners. One convict threw a petition out of the window to Governor William Sulzer.
